*Dr. Guy Vannier, Drs. H. A. Verhoef*
Effect of Starvation on Transpiration and Water Content in the Populations of Two Co-existing Collembola Species. Comp. Biochem. Physiol., Vol. 60A., (1978), pp. 483-489.

*Drs. H. A. Verhoef, Drs. C. J. Nagelkerke*
Formation and Ecological Significance of Aggregations in Collembola, An Experimental Study, Oecologia (Berl.) 31, (1977), pp. 215-226.

*Drs. Herman Verhoef*
An Ecological Study on Water Relations in Collembola. Proefschrift VU, Meppel, (1978), pp. 1-115.

*Prof. dr. L. Vlijm*
Locomotion in Lycosid spiders; in: Symp. Zool. Soc. London 42( 1978), p. 484.
De mens als onderdeel van de biocoenose; in: Inleiding in de milieukunde (1976), pp. 45-51.

**Afdeling didaktiek van de biologie**

*Drs. R. Boschhuizen*
Begeleiding van beginnende docenten; in: Director 1 februari (1978), pp. 248-256.

## SUBFACULTEIT DER SCHEIKUNDE

**Vakgroep algemene en analytische chemie**

*Dr. U. A. Th. Brinkman, G. de Vries, A. de Kok, A. L. de Jonge*
Discrimination between polychlorinated naphthalenes and polychlorinated biphenys; in: Journal of Chromatography, 152 (1978), pp. 97-104.

*Dr. U. A. Th. Brinkman, G. de Vries*
A simple technique for radial chromatography; in: Journal of Chemical Education, 55 (1978), p. 520.

*Dr. U. A. Th. Brinkman, G. de Vries, L. A. M. Turkenburg*
The interrelationship of structure and retention of polyhalogenated aromatics in adsorption chromatography; in: Journal of High Resolution Chromatography, 97 (1978).

*V. P. Claassen, Drs. G. J. de Jong, Dr. U. A. Th. Brinkman*
The extraction of manganese (II) from aqueous thiocyanate solutions with liquid anion-exchangers; in: Z. Anal. Chem., 287 (1977), pp. 138-141.
