

LOS, Prof. Dr. J. M.

Met A. A. A. M. Brinkman: *The Diffusion Current in Pulse Polarography*.

In: Journal of electroanalytical chemistry, 7 (1964), blz. 171-183.

SOMSEN, Dr. G.

*Enthalpies of solvation of alkali halides in formamide*; proefschrift V.U., 1964.

Met L. Weeda: *The enthalpy of solution of cesium fluoride in water at 25.00° C.*

In: Recueil des travaux chimiques des Pays-Bas, 83 (1964), blz. 810.

NAUTA, Prof. Dr. W. Th.

Met H. J. Doorenbos, R. F. Rekker, J. Gootjes en J. R. A. Simoons: *Chromatographic determination of a quaternary ammonium compound as impurity in some amino ethers*.

In: Pharmac. weekbl., 98 (1963), blz. 1037.

Met P. A. Roukema en A. B. H. Funcke: *The effect of alkyl substitution in drugs VII*; The synthesis of some pharmacological properties of a series of 2-[aryl(2-pyridyl)methoxy]-N, N-dimethylethylamines.

In: Arzneimittel-Forschung, 13 (1963), blz. 988.

Met P. A. Roukema, W. F. Kafoe, M. J. E. Ernsting, A. M. de Roos en A. B. H. Funcke: *Indoloquinolizine metabolites as a complicating factor in establishing brain serotonin levels*.

In: Life sciences, (1963), blz. 799.

Met A. B. H. Funcke, D. Mulder, M. C. de Jonge, H. M. Tersteege, A. F. Harms, R. Donner en Chr. L. Rümke: *Investigation of 3-(10, 11-Dihydro-5H-dibenzo [a, d] cyclohepten-5-yloxy) tropine citrate (Dibenzheptropine Citrate, Brontine®)*.

In: Arch. intern. de pharmacodynamie et de thérapie, 148 (1964), blz. 135.

Met B. van Zanten: *The effect of alkyl substitution in drugs VIII. Chemical and pharmacological properties of substituted 3-aryl-4-hydroxycoumarins*.

In: Arzneimittel-Forschung, 14 (1964), blz. 29.

Met C. van der Stelt en W. J. Heus: *The synthesis of some N-substituted Dibenz [b, f] azocine derivatives*.

In: Arzneimittel-Forschung, 14 (1964), blz. 116.

Met C. van der Stelt en A. B. H. Funcke: *The effect of alkyl substitution in drugs IX*; synthesis and properties of some trifluoromethyl-substituted benzhydryl ether derivatives.

In: Arzneimittel-Forschung, 14 (1964), blz. 964.

Met C. van der Stelt en H. M. Tersteege: *The effect of alkyl substitution in drugs X*; synthesis and properties of a number of alkyl-substituted diphenylmethyldialkylaminoethoxyethyl ethers and some related substances.

In: Arzneimittel-Forschung, 14 (1964), blz. 1053.
