

### *S. Srikanthandha*

A simple device for applying both CNP and CPAP in newborn infants suffering from respiratory distress syndrome; in: *Arch. Dis. Child.*, 49, (1974), blz. 743-746.  
Continuous Negative Pressure (CNP); voordracht: 4th European Congress of Perinatal Medicine, Prague, Czechoslovakia, August 28-31, 1974.

### *M. Verjaal, J. J. van der Harten en M. M. de Priest*

Drie pasgeborenen met een chromosomale afwijking; in: *Maandschrift v. Kindergeneesk.*, 41, (1973), blz. 197.

### *C. Versluy*s

Fever from the pediatric point of view; in: Proceedings Third post graduate KCMC Seminar (October 1973), blz. 42-43.

Penicillin; in: Proceedings Third post graduate KCMC Seminar, (October 1973), blz. 42-43.  
Met B. Balldin en R. Huenges: Management of common children's diseases in East Africa; KCMC Low Cost Booklet 1, Moshi Tanzania Published, (januari 1974).

### *F. C. de Waal*

Leukemie (bij kinderen); in: *Kindertumoren*, De Ned. Bibl. der Geneesk., deel 89A, (1974), blz. 185-208.

Het kind dat sterven gaat; in: *Maandschr. voor Kindergeneesk.*, 41, (1974), blz. 260-265.

## **Klinische chemie**

### *D. H. Blaauwen, L. G. Thijs en P. Roos*

Simultaneous measurement of bromsulphalein initial distribution volume and  $^{131}\text{I}$ -albumin plasma volume in patients with liver disease. A study of 195 patients and a review of the literature; in: *Acta Gastro-Enterologica Belgica*, 37, (1974), blz. 313-338.

### *S. Brendel, J. Mulder en M. A. T. Verhaar*

Detection of IgM heterogeneity dependent on the support medium of immunoelectrophoresis; in: *Clin. Chim. Acta*, 53, (1974), blz. 29-33.

Heterogeneity of monoclonal immunoglobulin-G proteins studied by isoelectric focusing; in: *Clin. Chim. Acta*, 54, (1974), blz. 243-248.

Multiple precipitation in IgA radial immuno diffusion by non-identical antigens; in: *Clin. Chim. Acta*, 55, (1974), blz. 103-105.

### *D. B. Faber, C. Mulder en W. A. Man in 't Veld*

A thin-layer method for the determination of amitriptyline and nortriptyline in plasma; in: *Journal of Chromatography*, 100, (1974), blz. 55-61.

## **Medische chemie**

### *A. J. Blauboer en G. J. M. Hoogwinkel*

Regional Distribution of  $\beta$ -D-Glucosidase; in: *Adult Rat Brain*, *Neurobiol.*, 4, (1974), blz. 43-47.
