

M. Muns

Metabole effecten van catecholamines; in: Chem. Weekbl. 38 (1975), p. 13.

W. Th. Nauta

Verslag IVth International Symposium on Medicinal Chemistry; in: Chem. Weekbl. 44 (1974), p. F2.

J. Oort en H. Mullink

Inflammation: A biological and chemical outlook; in: Proceedings IVth International Symposium on Medicinal Chemistry, Noordwijkerhout (1974), pp. 1-16.

H. Pieterse en J. Zaagsma

Pharmacology of 3-hydroxy-3-isopropylaminomethyl-3,4-dihydro-2H-1,5-benzodioxepin; in: Abstracts 16e Federatieve Vergadering, Utrecht (1975), p. 313.

M. Th. M. Tulp en J. Zaagsma

The interaction of 1-(2-(diarylmethoxy)ethyl)-aziridines with histamine receptors in the ileum of the guinea pig; in: Abstracts 16e Federatieve Vergadering, Utrecht (1975), p. 367.

J. de Vries, D. J. C. Engel en P. H. Koekkoek

Thin-layer chromatographic study on the stability of some 2-aryl-1,3-indandiones on exposure to air; in: J. Chromatogr. 108 (1975), pp. 117-119.

J. de Vries en W. Hespe

A study on the metabolic fate of a ^{14}C -labelled phenylindandione derivative in the rat; in: Abstracts IVth International Symposium on Medicinal Chemistry, Noordwijkerhout (1974), p. 29.

L. M. van der Vijver

Naphthoquinones of plumbaginaceae and ebenaceae; proefschrift V.U. Amsterdam 1975.

C. G. Waringa en W. Th. Nauta

1,1-Diaryl-3-aminopropenes and some related compounds; in: Eur. J. Med. Chem. 10 (1975), pp. 343-348.

C. G. Waringa, R. F. Rekker en W. Th. Nauta

1,1-Diaryl-3-aminopropenes and some related compounds II; in: Eur. J. Med. Chem. 10 (1975), pp. 349-352.

M. L. de Winter

2-Diarylmethyl-1,3-indandiones; synthesis, conformation and anticoagulant activity; proefschrift V.U. Amsterdam 1975.

M. L. de Winter en W. Th. Nauta

Anticoagulant activity of a number of 2-substituted diphenylmethyl-1,3-indandiones; in:
