

*Dr. W. H. Mager*

In search of messenger RNA coding for ribosomal proteins in yeast; Dissertatie, Vrije Universiteit, Krips Repro, Meppel, (1976), 105 pp.

*Dr. W. H. Mager, Dr. J. Klootwijk, I. Klein*

Minimal methylation of yeast messenger RNA; in: *Mol. Biol. Rep.* 3 (1976), pp. 9-17.

*Drs. J. H. Meyerink, Dr. J. Retèl*

Topographical analysis of yeast ribosomal DNA by cleavage with restriction endonucleases. II. The physical map of EcoRI fragments; in: *Nucl. Ac. Res.* 3 (1976), pp. 2679-2707.

*Prof. dr. R. J. Planta*

Synthesis and processing of ribosomal RNA in eukaryotes; in: *Abstr. II° Congresso Nazionale della Società Italiana di Biochimica and Joint Colloquia with Nederlandse Vereniging voor Biochemie, Société de Chimie Biologique, The Biochemical Society, Venetië*, 3 (1976).

*Prof. dr. R. J. Planta, Dr. J. Retèl, Dr. J. Klootwijk, Drs. J. M. Meyerink, Drs. P. de Jonge, Drs. H. van Keulen, Dr. R. C. Brand*

Synthesis and processing of ribosomal ribonucleic acid in eukaryotes; in: *Biochem. Soc. Transactions* 5 (1977), pp. 462-466.

*Dr. H. A. Raué, A. Heerschap, Prof. dr. R. J. Planta*

Occurrence in *Bacillus licheniformis* of two species of 5S RNA with multiple differences in primary structure; in: *Eur. J. Biochem.* 68 (1976), pp. 169-176.

*Dr. J. Retèl, Dr. T. J. Stoof, Prof. dr. R. J. Planta*

On the transcriptional organization of the ribosomal RNA genes of yeast; in: *Radiation and Cellular Control Processes* (J. Kiefer ed.) Springer Verlag Berlin, Heidelberg (1976), pp. 18-24.

*Dr. J. van 't Riet*

Participation of molybdenum and iron in nitrate reduction; in: *Abstr. Symposium Metals in Proteins, Wageningen* (1977), p. 8.

*Dr. J. van 't Riet, Drs. F. B. Wientjes, Dr. A. H. J. Kolk, Dr. N. Nanninga*

Localization of respiratory nitrate reductase of *Bacillus licheniformis* and *Klebsiella aerogenes*; in: *Abstr. II° Congresso Nazionale della Società Italiana di Biochimica and Joint Colloquia with Nederlandse Vereniging voor Biochemie, Société de Chimie Biologique, The Biochemical Society, Venetië*, 90 (1976).

*Drs. W. J. Stiekema, Dr. H. A. Raué, Prof. dr. R. J. Planta*

Precursor 5-S RNAs in *Bacillus licheniformis*: Topography and Maturation; in: *Abstr. 11th FEBS Meeting, Copenhagen* (1977) nr. A 2-9-209-5.
