

Vakgroep medische fysica

Ir. T. J. van den Akker, Drs. R. G. M. Saat, Dr. ir. H. H. Ros

A Method to measure on-line time intervals in physiological signals; VIII Int. Conf. on Recent Advances in Biom. Engng. Sheffield (1978), pp. 1.13-5.10.

H. G. Goovaerts, Dr. ir. H. H. Ros, ir. T. J. van den Akker, Prof. dr. H. Schneider

Detection of electrophysiological phenomena with the contour-limiting method. VIII Int. Conf. on Recent Advances in Biom. Engng., Sheffield, 1978.

H. G. Goovaerts, Prof. dr. H. Schneider

Ein Elektrisches Reizgerät mit isolierten Stromquellen für Untersuchungszwecke; in: Biom. Technik, Band 23 (1978), p. 160.

Drs. G. L. van der Heijde

Optics of pseudophakia; Int. Ophthalmology Clinics. Cataracts: Proc. of the Paul Boeder Int. Symp. (1978), pp. 235-247.

Drs. G. L. van der Heijde, H. Lodder

Non-linear contributions of binocular induced VEP's; Proc. of the Int. Evoked Potentials Symp., Nottingham, (1978) D.

G. Koning, Dr. A. H. Veeffkind, Prof. dr. H. Schneider

Cardiac Damage by Electric Countershock with a defibrillator; Circulation, Abstr. Vols 55 and 56, Supp III, 111-80 (1977), p. 303.

A. H. J. Maas, Dr. A. H. Veeffkind, R. A. M. van den Camp, A. J. Teunissen, E. K. A. Winckers, A. P. Jansen

Evaluation of Ampouled Tonometered Buffer Solutions as a Quality-Control System for pH, ρCO_2 , and ρO_2 Measurement; in: J. Clin. Chem. Clin. Biochem. 15 (1977), p. 174.

H. Punt, Prof. dr. C. M. J. Velzeboer, Drs. G. L. van der Heijde, H. Lodder

Visual evoked response (VER) registration during rivalry and suppression in normal and abnormal binocular vision; Proc. of the Int. Evoked Potentials Symp., Nottingham, (1978) D.

Ir. J. P. H. Reulen

Optokinetic Nystagmus, Computer Analysis, Results in Normal and Pathological Cases; in: Disorders of Ocular Motility. Neurophysiological and Clinical Aspects (1977), pp. 299-300.

Ir. J. P. H. Reulen, L. Bakker, G. Tiesinga, F. de Geus

A modification of Robinsons method to measure eye movements by means of double inductive signal transformation; 19e Fed. Verg. Med. Biol. Ver., Rotterdam (1978), p. 108.
